Walking Directions

Almost all of the buildings on our central "North" campus are aligned to the same close-to-N/S-E/W grid. Statistic's Hanes Hall is just south of Cameron Avenue, behind Memorial Hall (which is just to the east of Mathematics' Phillips Hall.) Bright pink "TLC" signs will be put on the doors of Hanes Hall.

Walking from New Venable Lot N11

- Although the goal is to head Northeast, one must first exit this "temporary" parking lot via the stairs in its northwestern corner.
- Turn Right at the top of the stairs and head East.
- Just past Chapman Hall turn Left into a narrow passageway.
- At the end of the passageway turn Right. (Phillips Hall is then to your left.)
- Head straight East into the western end of Hanes Hall.

Walking from Nash Lot N7

- Walk out Wilson Street and turn Right onto Cameron Avenue.
- Walk East through the lights at Pittsboro Street and South Columbia.
- Walk past Peabody, Phillips, and Memorial on your right. Turn Right onto the driveway just past Memorial Hall.
- Hanes Hall will be straight ahead on the other side of the parking lot behind and to the left of Memorial Hall.
